

RAKAN SYSTEMS

Data Protection and Storage Solutions

2011 Line Card

Storage and Server Solutions
Adding Value from Design to Deployment
www.RakanSystems.com

As a partner-focused company, Rakan Systems is committed to continuing this journey, with both existing and new partners, to benefit our mutual customers with innovative industry-leading solutions. Together, we will collaborate in order to market, sell, and support Rakan Systems products and services through the utilization of various partner programs under the Alliance Partner Network.
